OH, BEHAVE!

The Donkey Milk Martini Recipe.

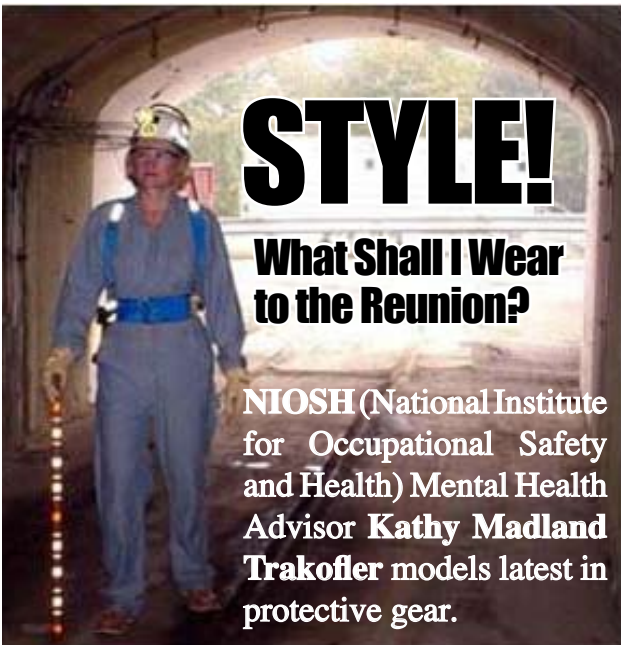

First, take an 8 ounce glass of fresh donkey milk and place it in the refrigerator – covered with plastic wrap. Next, take your martini shaker and pour in an ounce of dry vermouth. • Swirl vermouth around shaker, coating the inside of the shaker. • Pour out remaining vermouth. • Add ice – partially crushed – to shaker. • Then, add desired amount of vodka (enough for three small martinis, two normal martinis, or one big-ass martini). • Cover shaker and shake – at least a minute. • Martinis should be nice and frosty. • Recite the Dorothy Parker poem as you pour into the proper number of glasses. • We prefer three olives per martini (two with pimentos, one with blue cheese). • Before enjoying your martini, take the donkey milk and carefully pour it down the drain. • Cheers!*

I like to have a martini. Two at the very most.

After three I'm under the table.

After four I'm under the host.
